

## Firmus Professional Barrier

### Product Info:

The Firmus Professional barrier is designed to fit in with other barrier models visually and physically and to seamlessly fit into most site set ups.

Supplied in Orange as standard and with black, anti-trip feet or alternative HI VIS yellow anti trip feet.

The Barrier Feet are designed to provide a stable and durable anti-trip base. Our feet are made from heavy duty recycled PVC ensuring they can withstand outdoor conditions, impacts, and high traffic environments. Our feet also feature a low-profile design to minimise trip hazards while maintaining a secure hold for our barrier.

With a 96.5% recycled option, recycling identification icons and a large embossed brand area for personalisation.
