

## Vehicle Gates

### Product Info:

Oaklands vehicle gates are compatible with our range of heavy duty water filled barriers.

Mesh panel gates are available in widths of 5 metres or 7 metres or hoarding panel gates in a width of 4 metres

All versions compliment the additional mesh or hoarding panels available with the barrier systems and allow vehicle ingress to an otherwise secure site.

Gates are supplied, as standard, with a sliding latch to allow for padlocking

### Key Features:

- Compatible with Industry Standard Ballast Foot
- Available in Three Size Options
- Mesh or Hoarding Panel Options
- Mesh Extensions Available to Compliment Barrier Run
